I remember the day when I visited a home in Texas and saw multiple guns stacked in their home. It was quite a shocking experience for me, for I had not seen a single person who stacked guns at his home at all in my home country. Since then I came to know that gun culture has been deeply embedded in many

American lives, that one can own as many as guns and rifles including semi-automatic weapons if they want to. I also came to know that more than thirty thousand people are killed by guns each year while gun-related deaths are very rare in other developed countries—the gun homicide rate in the United States is many times higher than in other rich countries, according to the Health Affairs study. I also came to know that while the United States suffers from the mass shooting deaths often, in most rich countries like Australia and Japan guns are strictly controlled and so, gun-related deaths are almost non-existent and so, this agony is exceptionally our issue.

Last month we again had another senseless killing of seventeen students and teachers at Major Stoneman Douglas High School in Parkland, Florida. We all wept, frustrated with what we saw. We are deeply saddened and angered by the rising death toll caused by guns.

We are responsible for this tragedy. This is our problem that we have to tackle in the right manner. Unless we do something seriously and comprehensively, we will have to go through that agony again and again. We need to do more than offering thoughts and prayers.

But we don't have agreement on how to handle this issue. This issue has been complicated with our culture, politics, money, etc. And as potential solutions, some talk about culture change, some about fixing mental issues, etc. We need to tackle the root cause of this issue and only when we do this, can we find a solution for this issue.

Understanding the root of our current issue is the beginning of the solving the problem. It is easy to hate the perpetrators and blame mistakes of others in handling the situation. We need to accomplish some meaningful actions to limit this violence.

As a due consequence, gun-related debate has heated up after the last tragedy in Parkland, Florida. And it is our moral duty to talk and act appropriately. We ask questions as: Why this again? What is wrong with us? How can we fix this problem?... What does the Bible say about guns, if it does at all? Is there any agreed Christian perspective on this issue?

There is no unified agreement among Christians on the gun issue, since there is no direct mention of it in the Bible. And so, our thoughts and actions on this matter rely on our own reading of the Bible and tradition, and our interpretations on them. I, as a follower of Jesus, ask the following question to myself when I need to make a moral judgement, "What would Jesus do" if he was in this situation?

I don't know much about guns but one specific type of gun, M16. I personally experienced this type of gun—the type of gun, which was used in the last tragedy—when I was serving my home country in the military for more than two years. I was trained to use it and I practiced the shooting of it on a regular basis. So, I can say that I understand how lethal that gun is. It is designed solely for military purpose, not for hunting or for recreation.

The apostle Paul has summed up the Bible's teaching on guidance really well in Colossians 3:17 and I believe it teaches us how to act. "Whatever you do, whether in word or in deed, do it all in the name of the Lord Jesus, giving thanks to God the Father through him." Everything we do is as a representative of God here on earth – we act in his name. Living as disciples of Jesus requires us to live as an example for the world.

# All of the Above

Occasionally on multiple choice tests the last answer is *all of the above*. Sometimes that's the one to choose. Let's see,...,"A" is right, pretty sure about "B", so without knowing much about "C or D", you take your best shot and say, yup, it's "E", all of the above.

Maybe we've taken a test like that recently at school, or on the job, or perhaps we all have the memories of those days when multiple choice tests were a regular part of our week. Most of us at some time have looked forward to the days when we don't have to take tests each week. We're happy to see the days when we'd go from math to English to history to science, and take our best shot hoping that our memories and hours spent studying would help us select that right letter on those multiple-choice exams are finally in the past.

Well, maybe those days are over, but are our "multiple choice" days really over? Aren't our lives filled with "multiple choices" every day?? Sometimes there are far more possible answers than "A through E". Whether we have a day filled with "true-false", "multiple choice" or the dreaded "essay responses," we all know that we're faced with many choices each day that have significant impact on our lives for years to come, and the answers certainly are not always sitting in front of us in a text book!

As we enter another Lenten Season, we can once again ground ourselves on where we can find the wisdom, insight and direction we need to answer life's difficult questions. Lent is the time of year when we can all reflect upon Jesus' time with us as a human, His resurrection to join our Father in Heaven and His promise of sending us His Holy Spirit to always be among us.

When we look around us for the answers to life's challenging questions and we find no help in sight, we need only to look up to the Cross. At the Cross we see Jesus joining His Father in Heaven and sending us His Holy Spirit.

As we walk the path with Jesus for the 40 days of lent, let's always remember that the answers to life's most difficult questions don't come from the earthly sources that surround us; but through our Lord Jesus, God the Father, and the Holy Spirit, or, I suppose we can say, from ***all of the above!!***

*Have a blessed Lenten journey,*

 **ALL  
OF THE  
ABOVE**

Welcome all you reader's. I would like to ask you to join with me a moment of Meditation, The meaning of Meditation is to pore over, to repeat loud and this learn by heart as well as ponder. some will do silent Meditation and some do prayer's. Let us have a moment with the presence of God Almighty.

In our bible only one Psalm is longer one. If we read and Meditate with this Psalm the presence of God will guide us and comfort us. In Psalm 119:75 tells us how we are in the hand's of God. " In your hand's you have made and fashioned me; give me understanding that I may learn your commandment." The Psalmist encouraging us how God Almighty's precious hand's formed our human body. He is expert builder and he carefully constructed us a man and a woman. He knows us who we are?

If we keep God's presence on one hand and plea for his help in holding God's Law on the other hand, will strengthen our faith. through our faith a divine guidance will come from God with his help. Be strong in your faith. Let us read about two women's, a very courageous, faith filled, fear to God and dedicated. We can read about them in EXODUS 1:15-22. They are Shiphrah and Pouh and they were skilled Midwives in the period of Egypt King Ramses 11.The Egypt King said to these midwives, " If the Hebrew women will deliver if it is a son then kill him or if it is a daughter then it shall live. "

These two midwives were dedicated their job under the commandment of God and honored God Almighty with courage. They conducted the deliveries of Hebrew women's and they saved all the boy and girl babies. "And because the Midwives feared to God to gave them families and they saved Moses. Shiphrah and Pouh did not do as the King of Egypt's order. These midwives act is a courageous civil disobedience. They put the fear of God Against the command of the Egypt Pharaoh.The Baby Moses was escaped from the death. The river Nile led the Baby Moses to the palace of the Egypt Pharaoh. The Pharaoh was accepted the Baby Moses through his sister who adapted the Baby Moses. Moses grew and learn the skill's to become as a future Pharaoh of Egypt, but God converted him to be the freedom fighter for the Israelite's. God helped Shpiorah and Pouh. If God helped them then he will help us.

Be strong in your faith. Yes, he will because he helped me and helping me. My experiences as a Midwife also I am blessed by God Almighty. Let me connect you to my true witness continuation:--

(next page)

As per my last month presentation I got the Operating room Key and ran from one building to other building. While I was running praying to God Almighty to offer electric power to burn the light's. I came to the entrance door of the operating room. I put the key in the keyhole with my prayer. I turned it and opened the door Praise God, the electric bulbs are shining with bright light, means the power came. Oh! what a an amazing God we have. I have no word even today to write. How much joy I had. I started scrub and get ready to organize the operating table mean's it contains all the instrument's and other needed thing's for the C.Section Surgery.

I saw the Anesthetist came with big smile and said to me," Olive thank God you are here. I heard everything by Dr.K.Kabir." In a quick moment everything was ready to start the surgery and the transportation staff's brought Fathima inside the O.R. Anesthetist did his initial check up with his procedure and said," Let's start." The operating room filled with silence. I was assisting as scrub Nurse and Dr. K.Kabir took the baby out. It was a beautiful girl baby, 5.5 lbs. The baby girl was broke the silent of the O.R by her cry. Oh! what a joy for us as a team. Dr. K.Kabir asked me to cut the umbilical cord to separate the baby from the placenta. What a honor offered me by God to cut the umbilical cord of this special baby. In my experiences as a Midwife in two different countries. I did cut so many babies umbilical cord may be thousand's. But for this girl baby I thank God for this honored service.(In those years husband not allowed to labor room or O.R)

I cut the umbilical cord and separated the baby from plasenta. I took the baby girl, her vital sign's, color, and all is perfect healthy. I did all the needed care for the baby girl then I joined with Dr.K.Kabir continue assist to complete the surgery of C.Section. I took the baby girl to her father Basha, was just out near the Operation Room door. Basha held her and I saw his joy running from his eyes as tears on his face. What a blessing for me as a Midwife in my life. Then I took the baby girl inside to recovery room and I did the Nursing recovery care for two hours for Mother and the baby. Fathima held the baby girl with great joy.

Fathima and the baby girl was transferred to the C.Section Postpartum Unit. I gave my report to the Nurse in charge and said ," Good bye to Basha, Fathima and the baby girl. I looked at the clock it was 5:00 pm, I rushed to look for my son's. I saw them with Dr.K.Kabir's car driver in the hospital garden. I joined with them. I thanked the car driver. I went to say goodbye to Dr.K.Kabir. She again said many thanks for me. I said to her this," God is with us and worked in a mysterious way to help this beautiful baby girl and her mother. Let us say thanks to God." She agreed with me.

Myself and my son's came back to home. I was exhausted, but I am so happy because God Almighty kept his promise as he said in Isaiah 66:9. And again he is saying to us," So shall my word be that goes put of my mouth it shall not return to me empty, but it shall accomplish that which I purpose and succeed in the thing for which I sent it." Isaiah 55:11. This is true and we can trust him and he will trust us and bless us.

*Amen.*

## Meet Christine Gould!

Greetings all!

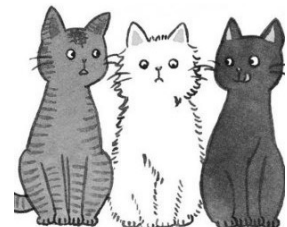

As I m still on track to leave my position as church administrative assistant beginning next month, I would like to take this opportunity to introduce Christine Gould who has been hired to replace me. For the past 13 years, Christine has been Secretary 1 for the NYS Dept. of Health, Division of Nutrition, Bureau of Nutrition Risk Reduction and before that held other New York State jobs including but not limited to: Keyboard Specialist for NYS Dept. of Environmental Conservation, Division of Operations, Bureau of Fleet Management and Secretary 1 for NYS Department of Environmental Conservation, Division of Operations, Bureau of Office Services.

Christine has held NYS positions for a total of 38 years and retired at the end of October of last year to take care of her mother who was not feeling well at the time but is doing much better now. She enjoys taking walks, gardening and spoiling her three cats. She loves spending time with family and loved ones saying, "I thank God for everything in my life and try not to take one day for granted."

Christine will train with me two weeks prior to my leaving to learn the ropes (beginning March 19th). Once she has started, please don't hesitate to introduce yourselves and explain your role at the church. I know you all will make her feel welcome as you did for me.

Best,

*Emily*

## A BUCKET FOR CHANGE

*Pocket Change for UMCOR*

Do you have change in your pocket that is weighing you down? Do you have change laying on your dresser that you just do not know what to do with? Now is your chance to get rid of your change and make a difference in the lives of others. When we all work together, it is amazing what can be accomplished. Any amount of change helps.

March 11th - April 8th, there will be a bucket in the back of the church that you can deposit your change. The change will be given to UMCOR to help change lives.

What is UMCOR? I am glad you asked. UMCOR, the United Methodist Committee on Relief is the global humanitarian aid organization of the United Methodist Church. UMCOR is working in more than 80 countries worldwide, including the United States. Their mission, grounded in the teachings of Jesus, is to alleviate human suffering - whether caused by war, conflict or natural disaster, with open hearts and minds to all people. UMCOR responds to natural or civil disasters that are interruptions of such magnitude that they overwhelm a community's ability to recover on its own. UMCOR works through programs that address hunger, poverty, sustainable agriculture, international and domestic emergencies, refugee and immigrant concerns, global health issues, and transitional development

UMCOR does so much, it is hard to put it all in this little article. For more information, either speak to a member of the Outreach Team or below is the UMCOR website along with some Youtube videos that UMCOR has created explaining their work. If the links do not work, then on the youtube site, the video titles can be searched.

## *Become a Foster Grandparent*

*A volunteer opportunity for seniors.*

Greetings Church Officials and Members!

We here at the Capital District Foster Grandparent Program would like to introduce ourselves and what we do in the community!

We are looking to recruit seniors age 55 and over who love children and have a strong desire to make a difference in their lives. This is also an opportunity for eligible seniors to give back to their community and receive a tax-free stipend for their service. We have volunteers in various classroom settings helping children from infancy to age 21 throughout Albany, Rensselaer, Schenectady, and Saratoga counties. The mission is to help students improve in math and/or literacy.

In addition to the great benefit of intergenerational mentoring, our volunteers have the opportunity to make new friends and participate in trainings, meetings, and social events. The program has been in existence for 50+ years and is funded by the Corporation for National and Community Service and sponsored by CEO.

Look for flyers with more information.

**ADULT FORUM – GOD IN THE MOVIES**

Movies excite us in ways that other media may not. Sometimes, beyond the intended direct message, a subtle underlying message resonates even more. Could such a moment be a “God moment?” Catherine Barsotti and Robert Johnston, in their book “God in the Movies” (ISBN 978-1-58743-390-0) suggest a number of films that address spiritual issues.

From time to time Adult Forum will discuss such a film. We meet in the room across from the library (down the hall from the church office) Sundays 9:30-10:30 am and Mondays 7:00 - 8:00 pm.

Barsotti and Johnston selected these films for their book. If one of them is especially meaningful to you, we could feature it in the next discussion. Let a leader of Adult Forum know. Films will be announced several weeks in advance so there is time to watch them before we meet. Come, enrich our discussion! (All foreign films have English subtitles.)

# A POEM FOR EASTER

by The Rev R. Preston Price

Like a blade of grass pushing up stubbornly through the sidewalk. Or Like the butterfly emerging from the tomb-like chrysalis. But much more.

Like the seed after years of dormant death sending up sprout. Or Like the brown bulb breaking forth from brown earth into brilliant color. But much more.

Like brilliant daybreak after stormy, darkened night. Or Like a rainbow mystically appearing amidst the rain. But much more.

Like a patient making an unexpected, unpredicted turn for health. Or Like the pine cone opening to spread seed only after touched by fiery death. But much more.

Like a beautiful vase emerging from a lump of clay in the potter's hands. Or Like a hidden spring burbling forth in the middle of a barren desert. But much more.

Like the surprise of Spring's buds pushing aside Winter's snow. or Like someone finally emerging from the fatality of addiction. But much more.

So, it comes.  
Nothing else like it.  
No image adequate. No simile. No metaphor.

Unable to talk about it but inadequately  
We celebrate this great, real mystery that  
Neither language nor imagination can  
encompass.

## The Importance of the Egg: Children and Easter

*Do you know the symbolism of the egg in regards to Easter? Watch this video at <http://www.umc.org/news-and-media/the-importance-of-the-egg-children-and-easter> or on YouTube with your children to teach them!*

Experts from the age of five to ten, as well as the Rev. MaryJane Pierce Norton, talk about the traditions of the Easter egg — from hunting eggs, to coloring them, to the egg as a symbol of new life. The egg became associated with Easter somewhere near the 400s and was often a food that was given up at Lent. According to Norton, “In some of the early church traditions, people brought their eggs to the church to be blessed before they ate them, as the first joyful food of Easter.”

Color in the days one by one!
